

Transition to School

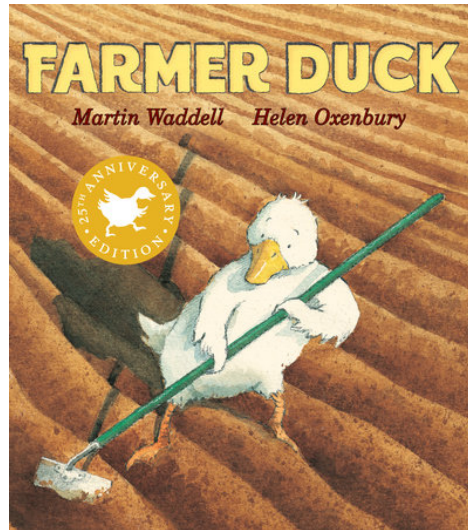

We know that transition to school can be a nerve wracking and exciting time for children and adults. We are going to be learning about the book Farmer Duck as we settle into school. This poster shows you some ideas of activities you could do over the holidays to share with your classmates and new teacher in September.

Visit a Farm – What animals can you see whilst you are there?

You could make puppets using things you can find at home of different farm animals.

Make your own scarecrow or plant some vegetables in your garden.

Home Activities

Read, watch or share stories and videos with farm animals in.

Get baking and make some Animal themed biscuits or cakes.

Sing Songs about animals
Do you know the one about Old Mc Donald?

Paint, draw or make your own animal masks or pictures?

Play Eye Spy or go on an animal hunt – How many animals can you spot? Can you spot any footprints?
